

ECO & SWACHH BHARAT CLUB

2017-2018

OBJECTIVE OF WASTE AUDIT IN OUR COLLEGE CAMPUS

The waste audit was conducted on July 17, 2017 at our campus. The campus houses 2500 plus students and faculties. The Waste Audit team involved four staff members and 60 eco-club members. The materials used were 30 large garbage bags, rubber gloves, disposable gloves and a weighing machine to weigh the trash collected. The Waste Audit began at 2 pm with an instruction session by staff members.

2018-2019

Eco and Swachh Bharat club and management organized a tree plantation program inside the college campus. The total number of saplings planted on the campus is around 2000 and a green audit report was prepared. Based on the audit report nearly 600 varieties of trees were identified and labeled by their common and botanical names. During this program, the importance of various trees and their medicinal values were explained to the students to create awareness and to make a pleasant environment on the campus.

2019-2020

Vermicomposting at our college is done using a pit method. Two pits of size 6 feet x 3 feet x 3 feet are excavated. The first pit is used for partially decomposing the organic waste before feeding it to the worms. Worms with an aggregated weight of 1 kg were introduced in the pit.

The collage also features several smaller images and diagrams on the right side, including a flowchart titled 'RESEARCH ON SUSTAINABLE PRACTICES ACROSS GLOBE', a diagram titled 'SEPTAGE MANAGEMENT' showing a sanitation service chain, and a diagram titled 'SUSTAINABLE DEVELOPMENT GOALS' showing the 17 SDGs.

Conducted Webinar: Challenges and Opportunities in Urban Sanitation on 06.08.2021.
Dr. V S Priya, Associate Professor B.S Abdur Rahman Crescent Institute of Science and Technology was the Guest. Nearly 110 were benefited from the program

The image displays a promotional banner for a webinar and a screenshot of the Zoom meeting interface. The banner is for a webinar titled "Webinar on HOW CAN WE CONTRIBUTE GREEN SDG GOALS TOWARDS GREEN ENVIRONMENT", hosted on Zoom on 11.06.2021, Friday, from 4:30 PM to 5:30 PM. The guest speaker is Dr. L. RAMESH, FIE, President of The Institution of Green Engineers. The banner also includes the SAI RAM Engineering College logo, Swachh Bharat Club affiliation, and a registration link: <https://tinyurl.com/sairameco>. The Zoom interface shows a presentation slide titled "What's with the Sustainable Development Goals" with key points: Universal - for all countries; 17 goals, 169 targets, 230 indicators; SDG framework "an indivisible whole"; There are interactions between all SDG goals and targets; If countries ignore the overlaps they...; Multi-stakeholder partnerships are... The Zoom interface also shows a list of participants at the bottom.
